

# Investigating Patterns

Learning Objective:

To be able to design a pattern for a particular purpose.

Can you help me  
please?!

Some important people  
need some patterns  
designed and I can't do  
it all by myself!

When you are designing a pattern for someone else, you need to think about what sort of design they will like. What colours do you think they would prefer? Will they want something feminine or something masculine? Will you use shapes, pictures, dots, stripes, or anything else in your pattern?

Try to think about these things when deciding on your design.
