Craft Instructions

Lolly Stick Christmas Tree

Supplies

- A few different shades of green paint
- Lolly sticks
- Scissors
- Sequins
- Glitter or glittery pipe cleaners
- Ribbon
- PVA glue
- Acrylic Jewels

1 Paint about 10-15 lolly sticks in different shades of green and then leave to dry.

2 Make a triangular frame by using 3 of the sticks. Glue the ends together and leave to dry before continuing.

3 Next, glue more sticks to the frame horizontally, working from the bottom up. As you get closer to the top, you will need to ask an adult to cut or snap the sticks to the right length.

4 Now, you can decorate your tree! You could use sequins as baubles and glitter or glittery pipe cleaners as tinsel. Leave to dry.

5 Tie a piece of ribbon into a loop and attach it to the top of the tree using glue, then leave to dry before hanging up.
