Dear Greenpeace,

Tigers are my favourite animal in the whole, wide world. I was looking in the bush in my garden this morning, and I think I saw a real tiger. Please could you send me some more information about tigers? I think he might be lost.

Love from Miss Harden

Dear Greenpeace,

Thank you for sending me some extra information about tigers. I am now leaving some cat food in a bowl for him to eat. I think I saw him lick his lips when he was eating the cat food! I think he is feeling happy. Do you think Mr Tiger might be lost?

Love from Miss Harden
